

GOLD DIGGER

Day 2

It's been 2 months since that fateful fishing trip. The trip I lost my wedding ring to the tuna fish with the large scar across its eye and head...

"SCARFACE"...

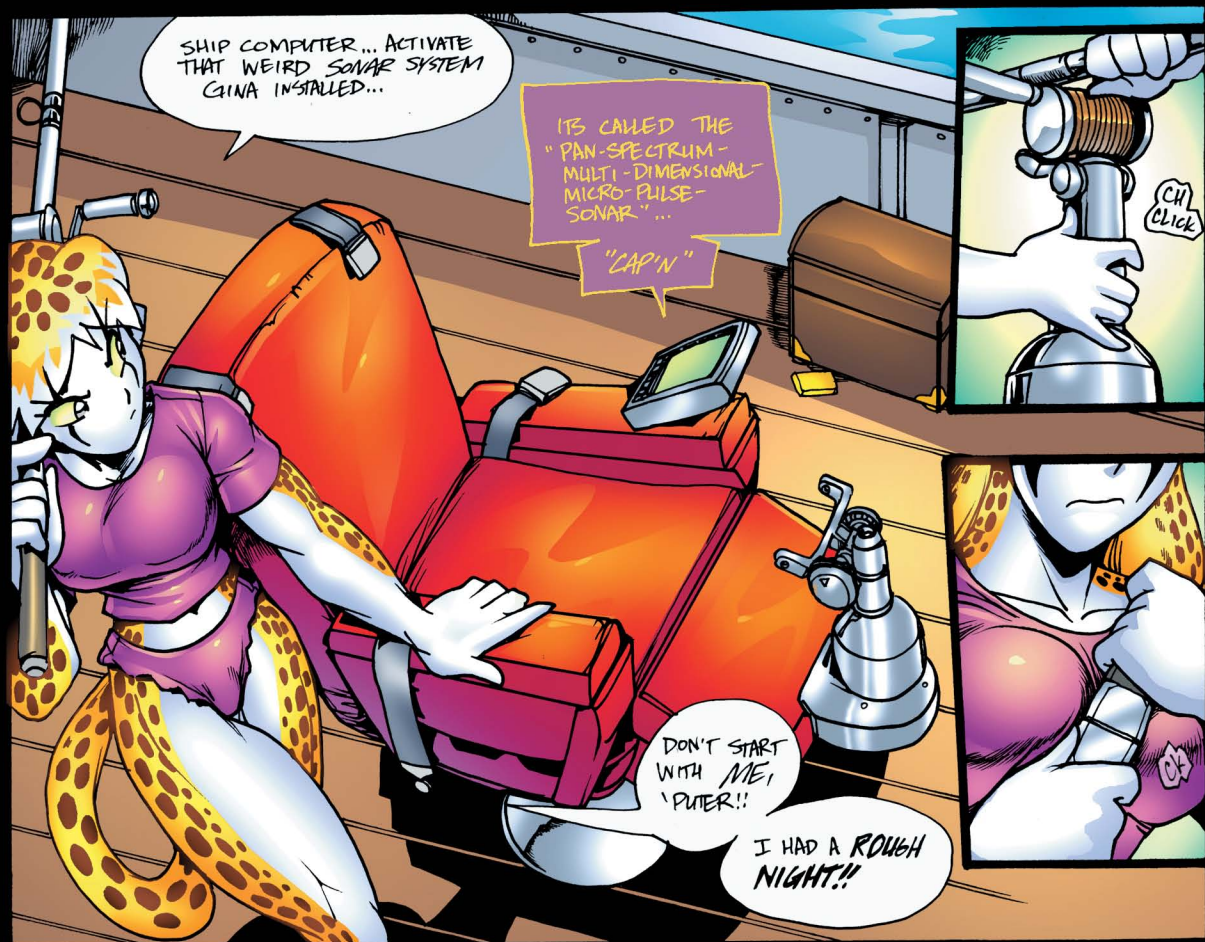

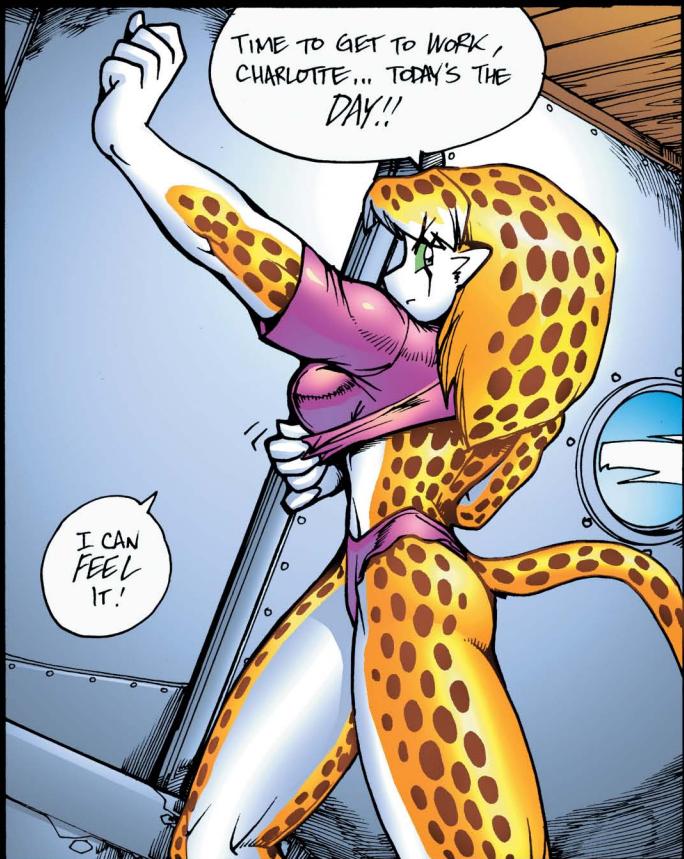

If only I'd known then, when it bit my finger to escape, taking my wedding ring with it. If only I wasn't so surprised... too surprised to react before it dove over the side, disappearing beneath the waves... If only...

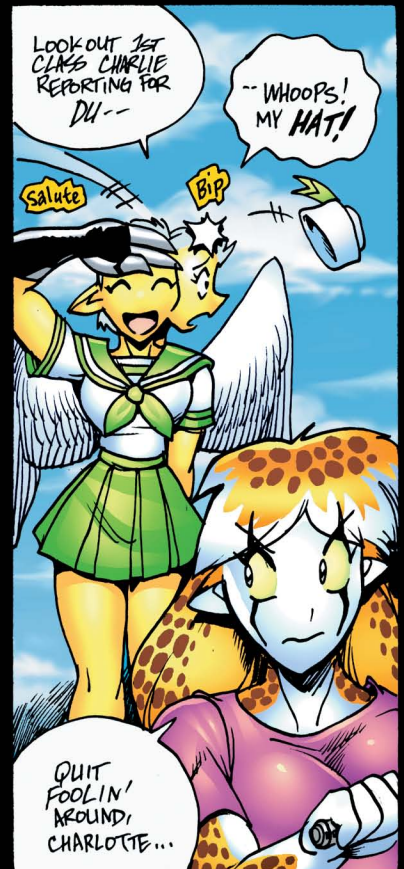

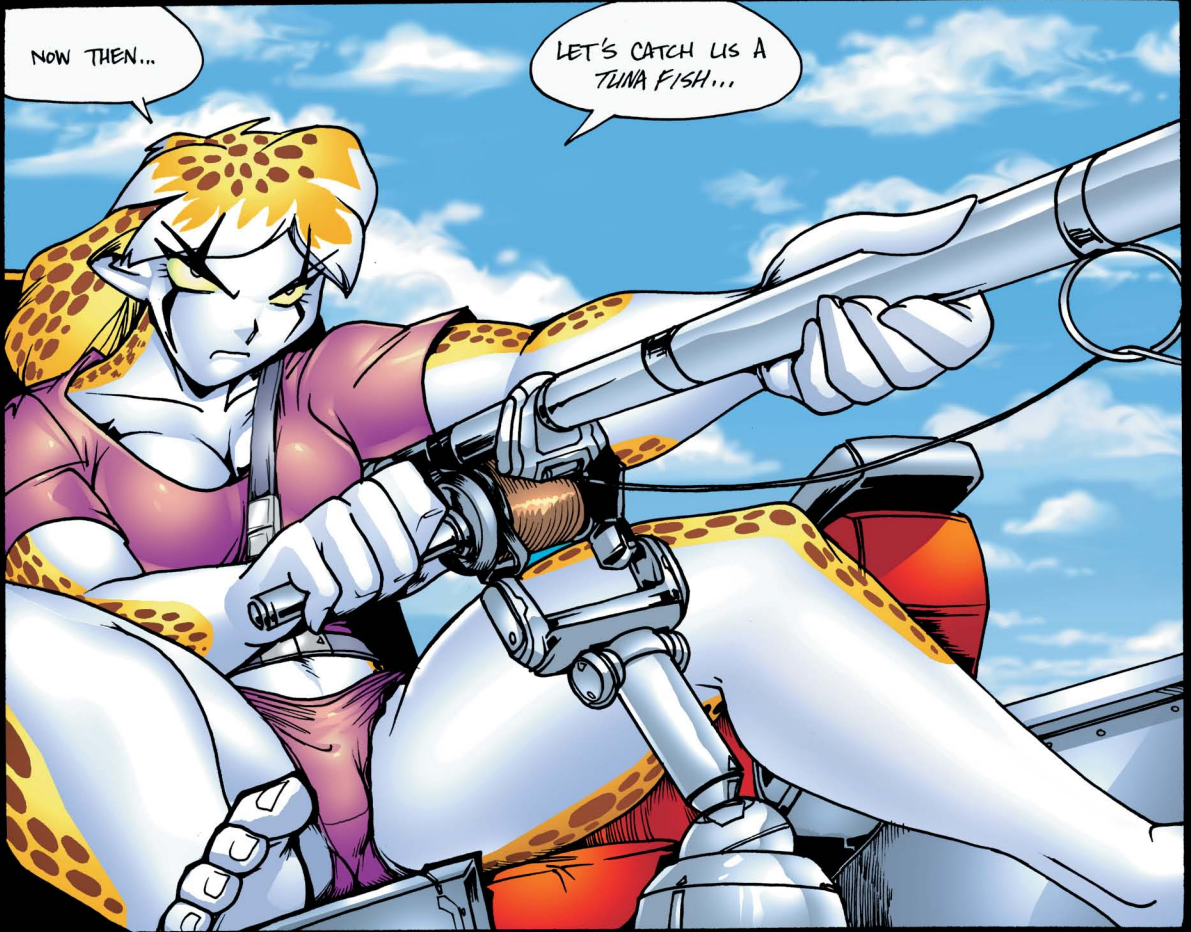

I've GOT to find "Scarface"! I've got to get my wedding ring BACK!!!!

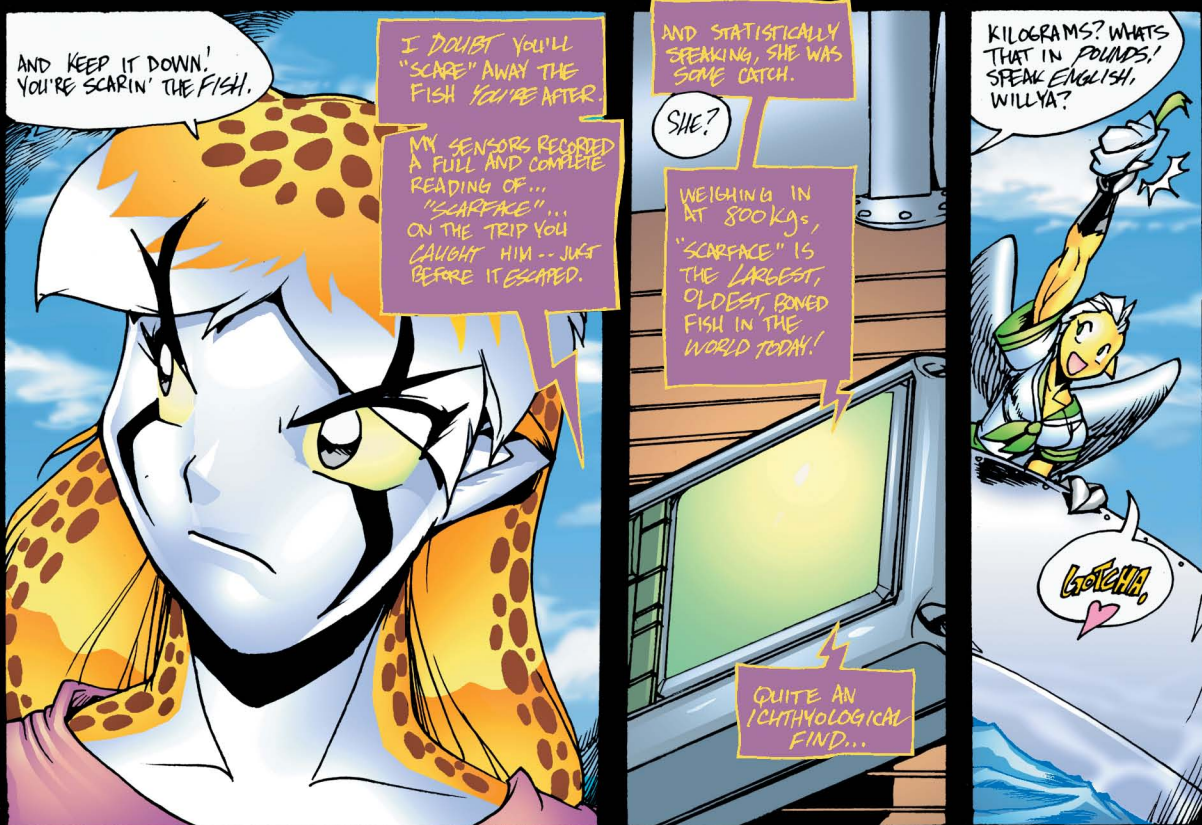

This time, I'm not coming back without my ring! I'm not coming back without "Scarface"!!!

Cap'n Brit!

AND KEEP IT DOWN!
YOU'RE SCARIN' THE FISH.

I DOUBT YOU'LL
"SCARE" AWAY THE
FISH YOU'RE AFTER.

MY SENSORS RECORDED
A FULL AND COMPLETE
READING OF...
"SCARFACE"...
ON THE TRIP YOU
CAUGHT HIM -- JUST
BEFORE IT ESCAPED.

AND STATISTICALLY
SPEAKING, SHE WAS
SOME CATCH.

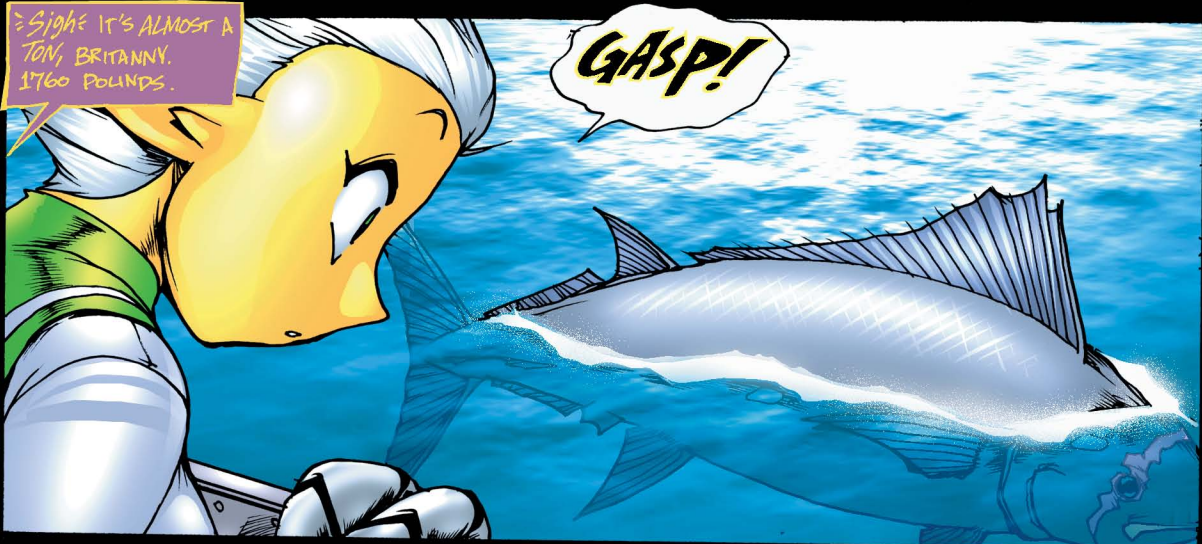

SHE?

WEIGHING IN
AT 800 KGS,
"SCARFACE" IS
THE LARGEST,
OLDEST, BONED
FISH IN THE
WORLD TODAY!

QUITE AN
ICHTHYOLOGICAL
FIND...

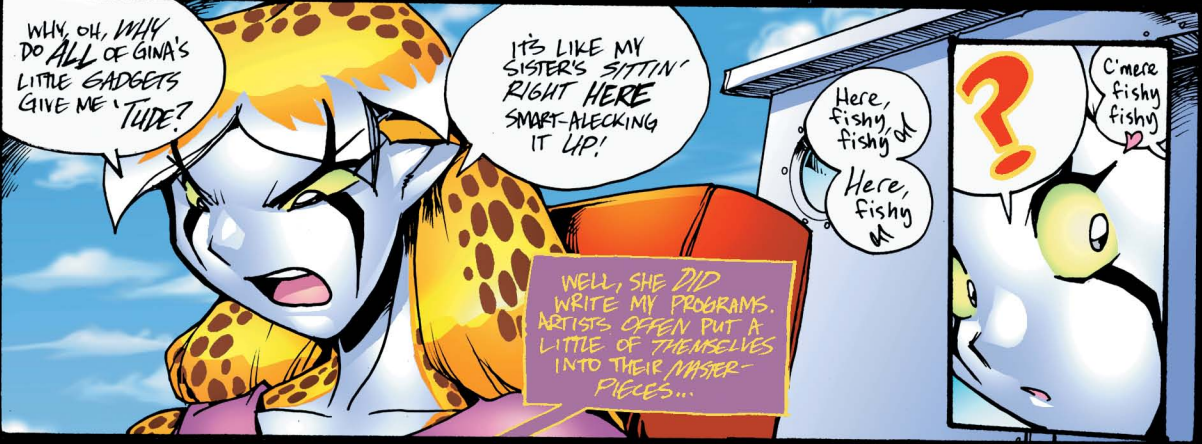

KILOGRAMS? WHAT'S
THAT IN POUNDS?
SPEAK ENGLISH,
WILL YA?

LOTEHA,
♥

Sigh It's ALMOST A
TON, BRITANNY.
1760 POUNDS.

GASP!

WHY, OH, WHY
DO ALL OF GINA'S
LITTLE GADGETS
GIVE ME 'TUDE?

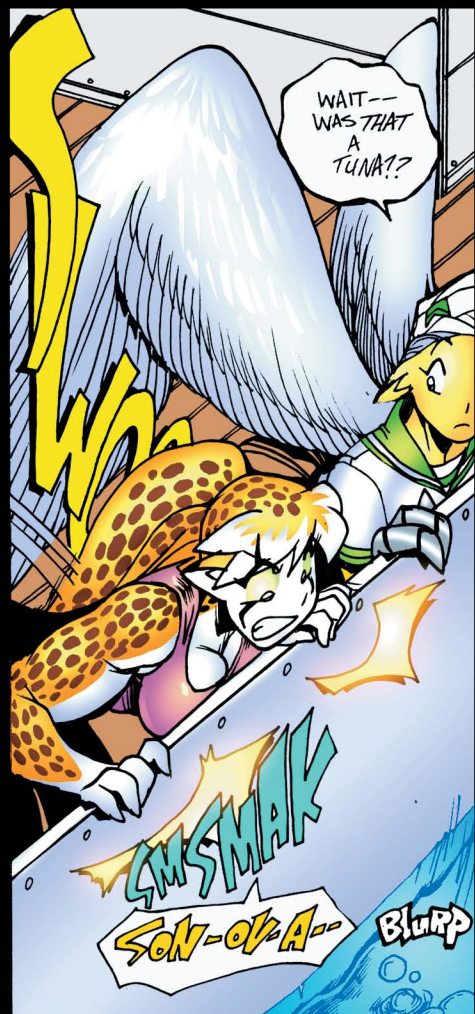

IT'S LIKE MY
SISTER'S SITTING
RIGHT HERE
SMART-ALCKING
IT UP!

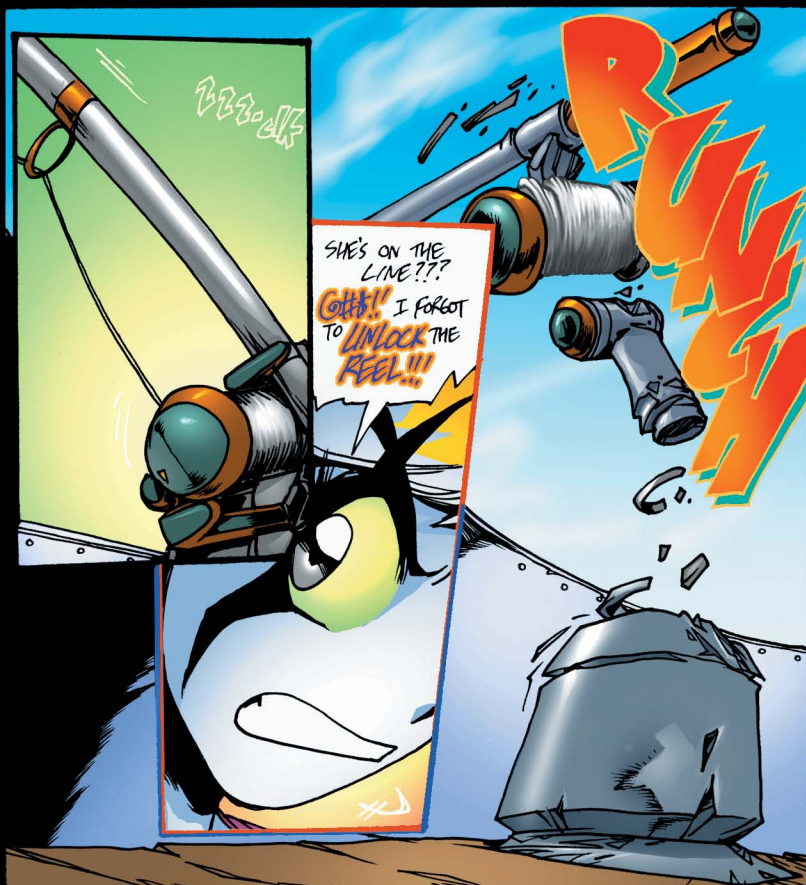

WELL, SHE DID
WRITE MY PROGRAMS.
ARTISTS OFTEN PUT A
LITTLE OF THEMSELVES
INTO THEIR MASTER-
PIECES...

Here,
fishy
fishy
Here,
fishy
fishy

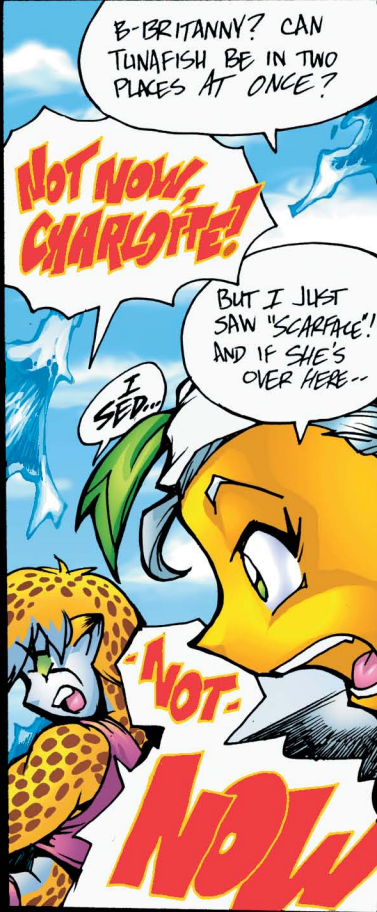

?

C'mere
fishy
fishy
♥

OKAY, THEN!
LET'S GET UP THERE
AND GET MY TUNA!

GIMME A BOOST,
PLEASE!

UHM...

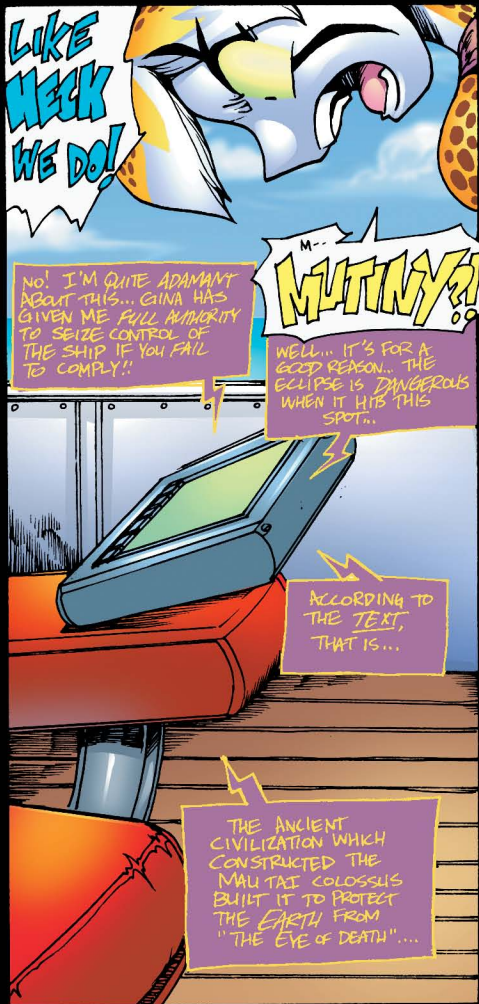

OKAY...
IT DOESN'T
LOOK TOO
FAR...

I HOPE
SHE'S
NOT AS
HEAVY AS
SHE LOOKS...

I HOPE CHARLIE
REALIZES MY WERE-
CHEETAH MUSCLES
MAKE ME ABOUT
TWICE AS HEAVY
AS I LOOK...

OH! AND ONE
MORE DETAIL,
LADIES...

WE HAVE TO
LEAVE IN FIVE
MINUTES!

LIKE
NECK
WE DO!

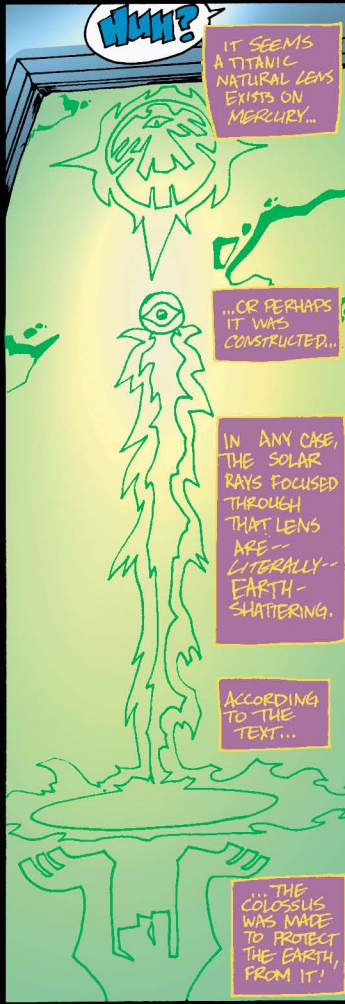

M--
MUTINY?!

NO! I'M QUITE ADAMANT
ABOUT THIS... CHINA HAS
GIVEN ME FULL AUTHORITY
TO SEIZE CONTROL OF
THE SHIP IF YOU FAIL
TO COMPLY!!

WELL... IT'S FOR A
GOOD REASON... THE
ECLIPSE IS DANGEROUS
WHEN IT HITS THIS
SPOT...

ACCORDING TO
THE TEXT,
THAT IS...

THE ANCIENT
CIVILIZATION WHICH
CONSTRUCTED THE
MAU TAI COLOSSUS
BUILT IT TO PROTECT
THE EARTH FROM
"THE EYE OF DEATH"....

WHY?

IT SEEMS
A TITANIC
NATURAL LENS
EXISTS ON
MERCURY...

...OR PERHAPS
IT WAS
CONSTRUCTED...

IN ANY CASE,
THE SOLAR
RAYS FOCUSED
THROUGH
THAT LENS
ARE--
LITERALLY--
EARTH-
SHATTERING.

ACCORDING TO
THE
TEXT...

THE
COLOSSUS
WAS MADE
TO PROTECT
THE EARTH,
FROM IT!

THE CALCULATED
BLAST WOULD STILL EQUAL
A 50-MEGATON NUKIE...
VAPORIZING EVERYTHING,
INCLUDING SCARFACE
AND YOUR KING...

AND IT'LL HIT THIS
SPOT IN ABOUT NINE
MINUTES... LEAVING
US FIVE MINUTES
BEFORE IT'S TOO LATE TO
LEAVE... MAKE THAT FOUR...

RRRNH!

OKAY,
CHARLIE,
YOU HEARD
THE 'PUTER.

THE CLOCK'S
TICKIN'!

TO BE CONCLUDED--
